Love Hina

A year has passed since Keitaro arrived at Hinata House and things seem to be finally looking up – on the same day, he scores two tickets to go to a new amusement park and then scores a decent grade on his last college entrance practice exam. And there's no better way to celebrate his inching closer to Tokyo U than to invite his cute housemate/study partner/romantic interest Naru to the amusement park as thanks for all of her tutoring. Although Keitaro intends for the outing to be solely a gesture of gratitude, nosy roommates quickly come to more wicked conclusions about the status of their relationship. But, despite declarations to the contrary, Naru may be beginning to see Keitaro in another light!

Love Hina

The Story Thus Far ...

Fifteen years ago, Keitaro Urashima made a promise to a girl that they would go to Tokyo University together. Now at the age of twenty, he's finding it more and more difficult to keep that promise, much less find that girl again.

He has already failed the entrance exam for Tokyo University three times, and has recently decided to stick it out, to go for it another time, to spend yet another crimson-R'ed year as a ronin.

He's inherited from his globetrotting grandmother the Hinata House, a quiet residential dorm where he can work as the landlord and prepare for his upcoming exams in peace... if it wasn't for that fact that Hinata House is actually a girls' dormitory with a clientele none too pleased that their new, live-in landlord is a man - or as close to a man as poor Keitaro can be. The lanky loser incessantly and accidentally crashes their sessions in the hot springs, walks in on them changing... and pokes his nose pretty much everywhere it can get broken, if not by the hot-headed Naru, then by one of the other Hinata inmates - Kitsune, a mid-twenties alcoholic with a diesel libido; Motoko, a swordswoman who struggles with feminine issues; Shinobu, a pre-teen princess with a colossal crush on Keitaro; and Su, a foreign girl with a big appetite. Also, Seta, a long time friend to Hinata and a past crush of Naru's, has recently left his ward, Sarah, to live at Hinata House while he galavants across the globe on archeological digs, bumping the Hinata harem to seven. And, on a trip around Japan to blow off some steam, Naru and Keitaro befriended the accident prone Mutsumi, who gave them as a gift Tama-chan, a unique turtle, and who returns in this volume.

Having spent some time at the beach where he and the crew helped Haruka, his aunt and Hinata's defacto matriarch, run an oceanside cafe, performed in a children's play, attended a carnival, and searched for ship-wrecked treasures, Keitaro is buckling down to his studies once again, if he can only keep his thoughts (and hands) off Naru...

Preview for Volume Seven

The secret is out

Keitaro's secret past comes to light - the girl of his distant memories is Mutsumi, or at least that's where Naru's deduction has led her. So, now Keitaro has to start making some decisions, and what better way to make a decision between two absolutely beautiful, dynamic women than to go on a date with both of them... at the same time. Things get stickier when Mutsumi makes herself homeless by burning her house down, landing her in temporary residence at Hinata House... staying in Naru's room... right above Keitaro's room. Ooo, la la.

The New Year is right around the corner and the gang goes out for a celebration at a local shrine, where Keitaro, Naru and Mutsumi all ask for good luck on the upcoming test. But with a packed house and Valentine's day right around the corner, how much time will they spend actually studying?

Love Hina

A year has passed since Keitaro arrived at Hinata House and things seem to be finally looking up – on the same day, he scores two tickets to go to a new amusement park and then scores a decent grade on his last college entrance practice exam. And there's no better way to celebrate his inching closer to Tokyo U than to invite his cute housemate/study partner/romantic interest Naru to the amusement park as thanks for all of her tutoring. Although Keitaro intends for the outing to be solely a gesture of gratitude, nosy roommates quickly come to more wicked conclusions about the status of their relationship. But, despite declarations to the contrary, Naru may be beginning to see Keitaro in another light!
